CONTRACTOR OR EMPLOYEE

The critical differences between an employee and independent contractor are (ato.com.au):

- an employee serves in your business, and performs their work as a representative of your business
- an independent contractor provides services to a business and performs work to further their own business.

EMPLOYEE

A business has the legal right to control how, where and when the worker does their work.

The worker is paid either:

- for the time worked
- a price per item or activity
- a commission.

The workers must perform the work themselves and can't pay someone else to do the work for them.

CONTRACTOR

the worker can choose how, where and when their work is done, subject to reasonable direction by another business.

Generally contracted to achieve a specific result, often for a fixed fee, paid by invoicing under an ABN.

A clause in the contract allows the worker the right to subcontract their work to others if they are on leave or otherwise can't work.

ABOUT US

Our Local Business Marketing co-op has been set up to service an aging population of carers and homeowners who need to get jobs done around the house and struggle to use technology.

If you are

- a tradie looking for a side gig to **cover** the rising costs of living, and turn it into a “real” business
- Can’t **live** the life you want on your apprenticeship rate, or
- maybe you are semi-retired and get your own **paid** jobs instead of doing them for mates for free.

We know we can find you work to keep doing what you love.

We are not a franchise, we assign you the postcode where you live so you don’t have to travel for the work we refer to you.

WHAT WE DO?

Don't call us, we'll call you for preset-priced services in your local area.

To find you work, we do charge a referral fee, but you can get this fee back by referring other jobs to us from anywhere in our network. Even if the job is in your area for you to do.

We offer:

- **General Handyman Services:** Fixing and maintaining homes
- **Garden Landscaping and Maintenance:** Maintaining gardens and outdoor spaces.
- **Home Renovations:** Painting renovation services to improve home functionality
- **Cleaning:** Kitchens, Bathroom, Vacuum and ironing, we can help with that.
